PETROL STATIONS

(Convenience stores)

Revenue Split

Shop Owner **40%** Water ATM **60%**

You Provide:

- Electricity
- Water supply

What Water ATM Handles

- Machine supply & installation
- Maintenance & servicing
- Payment system & banking
- Built-in RO purification

**Third party referrals not accepted*

Requirements:

- Safe location with 24/7 security guards
- Under-roof installation
- Must be owned or operated by the shop owner

Revenue Share

The location hosting partner earns 40% of water sales.

The approved site partner is responsible for providing water and electricity to the WaterATM unit.

WaterATM is responsible for the purchase, installation, maintenance, technical support, insurance, and all related banking and payment processing costs.

To qualify as a location hosting partner, the site must meet a minimum projected sales volume of 10,000 litres per month, subject to site viability assessment.

Example of the revenue (Monthly)

Monthly water volume: 15,000 litres

Price per litre: R1.00

Total revenue: R15,000

Retail Location Partner
R6,000 (40% of the R15,000)
Water: R1,500
Electricity: R225
Net Income: ±R4,275

$R\ 4\ 275 * 12\ months = R\ 51\ 300$ per year

Perfect for While-You-Wait Moments

- Filling up fuel
- Quick stop purchases
- Daily commuter routes

Best Placement on Your Forecourt

- Near shop entrance
- Along pedestrian path
- Near parking bays

**Place in a sheltered, weather-protected area.*
